Mixtures and separation 7 E 2 © Pearson 7E Background information 7Ea Mixtures Students may have learnt at KS2 that a mixture is a combination of two or more substances that can be separated by means such as sieving, filtering and evaporation. Mixing is therefore a reversible change. This is to distinguish mixtures

7E Mixtures and separation

water is a mixture of water and solid substances. Mixtures are classified (grouped) depending on whether the substances in them are solids, liquids or gases, and on how the substances can be separated. A suspension is a mixture of two substances that separate if the mixture is not stirred. These two substances are often a solid and a liquid.
