With President Trump's critics decrying his lack of respect for America's democratic system by his refusal to concede to Joe Biden, now would be a good time to remind such critics of one dark-side aspect of America's much-vaunted democratic system—the national-security's state's violent regime-change operation in Dallas on November 22, 1963. Oh, yes, I know the standard response of ...

Zip files (.zip) are useful when transmitting large amounts of data. Since more than one file can be contained in a .zip file, the .zip file can be downloaded then unzipped to open many files at once. The .zip file format allows data to be compressed. Compression reduces the volume of data in a file to make it easier and faster to transmit.
