Exploring reaction

Where To Download Lab stoichiometry and determining the limiting reagent 1

Background Earlier,
we learned about the
law of conservation of
mass and how to
balance chemical
reactions. From a
balanced reaction, we
can determine the
mole ratio in which
reactants combine to
form products (i.e. the

products. You will
compare the amount
you produced at the
end with the amount
you expected to get
using stoichiometry.

Where To Download Lab Chemistry Geek

The net result of a reaction can be summarized by a chemical equation. In order to write a chemical equation, a chemist must identify the reactants and products, as well as the ratios in which these species react and are produced, i.e., the stoichiometry
