The Endarian Prophecy is a

In Adam Burch's thrilling series debut, a young man must choose between violence and peace in a distant world divided between those who thrive in endless sunlight and those who survive in eternal darkness. The isolated planet of Tao is a house divided: the peaceful Daysiders live in harmony while the pale Nightsiders pursue power and racial purity through the violent ritual of the Combat. Edmon Leontes, the gentle son of a ruthless warrior noble and a proud Daysider, embodies Tao's split nature. The product of diametrically opposed races, Edmon hopes to live a quiet life pursuing the music of his mother's people, but his Nightsider father cruelly forces him to continue in his bloody footsteps to ensure his legacy. Edmon's defiance will cost him everything...and spark a revolution that will shake the foundations of Tao. His choice—to embrace the light or surrender to the darkness—will shape his own fate and that of his divided world.

A guide through more than a millennium of thought from 400 AD onwards, charting the story of philosophy from the founders of Christian and Islamic thought through to the Renaissance. This will become the definitive work for anyone interested in the people and ideas that shaped the course of Western thought.

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their

wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

This is the story of two unlikely friends who found out that caring and friendship can last a lifetime.

Sera has no memory of her life before. Before captivity, before experiments, before the only lifeline she had was the voice of a boy in the cell next to hers. Before G. G wishes he could forget everything before Sera brought him back to life. Forget his memories as a ruthless mercenary on an alternate version of Earth. Forget that he was part of an experiment simply known as Alpha. Now on the run from their captors and in need of an antidote to save his life, G and Sera's clock is ticking. And they'll have to gamble everything on the bond they forged in captivity if they want to survive. The Infinity Division series is best enjoyed in order. Reading Order: Book #1 Infinity Book #2 Omega Book #3 Alpha

When he rebelled against his father, Edmon Leontes lost everything, but a lot has happened in the twelve years since he left his remote home planet of Tao. He has made a new life for himself as the medic aboard a starship, earning his keep traversing the galaxy with a misfit crew. Edmon thinks he has left his tumultuous past behind him, yet all that changes when his father dies. Phaestion, the man he once called brother, has inherited Edmon's birthright. But Phaestion's ambitions of domination are not limited to Tao, and he is not inclined to let a rival--even one in exile--continue living. Phaestion's pursuit of power spans the universe, running afoul of powers no one is fit to be meddling with. Edmon will need to confront his past as he and his crew race across worlds to uncover the origins of the Fracture...and save the universe from complete destruction.

In a stratified society where contact with the sun is a luxury reserved for the elite, those kept prisoner in the darkness will do anything to find the light. Arden-beautiful, street-smart, and cynical-is one of the citizens of the lowest level, known as Undercity, of an off-world colony. A blackout band traps Arden in her district, but as sister to the leader of the most powerful gang in Undercity, she has access to the Above. There she meets Dade, one of the few lucky enough to be born into the sun-kissed families who reside in the towers soaring above the rest of the city. But life isn't perfect in the sky. Dade, desperate to escape his upcoming arranged marriage, has a secret of his own, and he's willing to risk everything for it. An unlikely romance develops between the two teens-but their love faces opposition from above and below. When her gang pressures Arden to help break the grip of the elite and end Dade's interference with their drug trade, she is forced to make a deadly choice between love and family loyalty. But will the brewing class war destroy the world around them first?

An ancient prophecy. A young woman's destiny. Lorness Carol, coming of age in the kingdom of her warlord father, Lord Rafel, aspires to wield magic. But she's also unknowingly become the obsession of Kragan, an avenging wielder as old as evil itself. He's waited centuries to find and kill the female prophesied as the only human empowered to destroy him. However, dispatching the king's assassin, Blade, to Rafel's Keep, ends in treason. For Blade arrives not with a weapon but rather a warning for the woman he's known and loved since he was a child. With a price on his head, Blade flees--as Carol and her family are urged away on their own desperate route of escape. Now, traversing the lawless western borderlands, Carol struggles to understand the uncanny magic she possesses and must learn to master. Though separated, Carol and Blade are still united--not only by the darkness pursuing them both but by a quest toward destiny, revenge, and the revelations of an ancient prophecy that signal the ultimate war between good and evil.

In the near future, political tensions between the United States and China are at an all-time high. Then a catastrophic explosion on the moon cleaves a vast gash in the lunar surface, and the massive electromagnetic pulse it unleashes obliterates Earth's electrical infrastructure. To plumb the depths of the newly created lunar fissure and excavate the source of the power surge, the feuding nations are forced to cooperate on a high-risk mission to return mankind to the moon. Now, a diverse, highly skilled ensemble of astronauts--and a pair of maverick archaeologists plucked from the Peruvian jungle--will brave conspiracy on Earth and disaster in space to make a shocking discovery. Ocean of Storms is an epic adventure that spans space and time as its heroes race to fulfill an ancient mission that may change the course of humanity's future.
