The Wide, Carnivorous Sky and Other Monstrous Geographies is (another) excellent collection of short horror stories written by someone of whom you have never heard. And compared to any "collection of best new horror 20xx" it's a very strong anthology indeed. Langan's interest seems to be in how the story is told,

Monstrous Geographies. The
book collects nine of John
Langan's short stories, some
original and some reprinted.

The *Wide, Carnivorous Sky and Other Monstrous Geographies* has much to offer horror fans of all kinds. Langan enjoys playing with familiar horror tropes, but in a totally unfamiliar way. He is a stylist, and his stories are all fresh and unique. The collections open with a vignette, *Kids*, a story from the collection *Jack Haringa Must Die!*
